MATERIALES ELÉCTRICOS-ILUMINACIÓN

About Us

Joma Electrical Materials - Lighting, is a company dedicated to the sale and distribution of electrical materials and lighting, located in the Province of Buenos Aires, Argentina. Today the company has a retail store with customer service and a distribution and order assembly facility center. In our facilities we receive all our suppliers, and we have a staff of 30 employees who carry out different activities in the different areas of the company.

Sales Channels

Despite its young age, Joma Materiales Eléctricos - Iluminación has already developed several sales channels:

Retail sales:

In our store with attention to the public, that has trained personnel to provide integral advice.

Wholesale sales:

Aimed at Architecture Firms, Architects, Construction Companies and Construction Professionals, to whom we offer important discounts and bonuses in relation to the volume of the purchases they make.

Ecommerce:

Including the development of a website with its own domain: Electrojoma.com, and through the largest e-commerce platform in the region: Mercado Libre.

Lighting Sales:

We have two showrooms, one for professional lighting and the other for decorative lighting.

Sales focused on the Industrial Sector:

It is a channel that is currently under development and that aims to satisfy the needs of the many industrial centers found in the area.

Registered Customers

To date, we have more than 5,000 registered customers throughout the country.

Our Objective

Our goal is to consolidate ourselves as leaders in the distribution of electrical materials and lighting in our country, expanding our warehouse and opening new branches in strategic sales points.
